st.spinner

Streamlit Version Version 1.41.0

Temporarily displays a message while executing a block of code.

Function signature[source]

```
st.spinner(text="In progress...")
```

Parameters

text (str) A message to display while executing that block

Example

```
import time
import streamlit as st

with st.spinner('Wait for it...'):
        time.sleep(5)
    st.success("Done!")

←Previous: st.progressNext: st.status→
forum
```
